TRIP ITINERARY

DAYS 1 - 9 CAPE TOWN TO FREE STATE

We depart from Cape Town taking a leisurely drive along the coastal road to the quaint coastal town of Betty's Bay in the Overberg and visit Stony Point Nature Reserve, home to a unique colony of African (Jackass) penguins. The Penguin Colony is one of only three mainland-based colonies in South Africa and for this reason it is treasured.

We overnight in Hermanus/Gansbaai and the next day there are a number of marine options- **Whale watching, Shark Cave Diving** and **Dyer Island Nature Reserve**. From here we will head for the most southern tip of Africa at **Cape Agulhas** - which is the dividing line between the warm Indian Ocean and the cooler Atlantic Ocean. The seas around Cape Agulhas are very treacherous and have caused numerous shipwrecks. To help reduce fatalities the **Cape Agulhas Lighthouse** was built in 1848 and is the 2nd oldest working lighthouse in South Africa. From August to December **Southern Right and Humpback Whales** may be spotted along the coast - as they feed in the nutrient rich waters off the southern coast.

From Cape Agulhas we pass through the **Outeniqua Mountains** to the **Little Karoo** - we will visit an **Ostrich farm** to learn more about the world's largest bird. The Ostrich has been around for 8 million years and a feather was actually discovered in King Tutankhamun's tomb in Egypt. 97% of the world's population of Ostriches lives in the Karoo.

We will also explore **Cango Calcite Caves** recognised as one of the world's finest network of Calcite caves. The bizarre formations of Stalagmites and Stalactites represent over a million years of slow formation.

We spend two days winding our way along South Africa's famous **Garden Route** where there is a wealth of things to see and do. We travel through the popular resort of **Knysna**, located on a tranquil lagoon that is protected from the sea by two enormous cliffs known as 'the heads'. We visit the **Tsitsikamma Forest**, where you will be able to hike along the coast and view the crashing waves at the mouth of the scenic **Storms River**, and maybe spot **dolphins and whales** in the ocean. Optional excursions in this region include **mountain biking, black water tubing, and the mother of all bungee jumps** at Bloakrans Bridge - the highest jump in the world at 216 metres.

From the Garden Route we head inland to **Addo Elephant National Park** which has recently been

extended to include part of the coast and is now home to the **BIG 7 - lion, rhino, elephant, leopard, buffalo, whale and shark!** On our game drive we hope to spot some of the many elephant that the park is famous for, which are the most southerly population in Africa.

Heading north we make our way towards the mountain Kingdom of Lesotho.

DAYS 10 - 16 FREE STATE TO JOHANNESBURG

Lesotho, often referred to as 'the kingdom in the sky'. This little country is completely surrounded by South Africa and is covered by mountains from 1000m to 3000m high. The scenery here is tremendous and the mountain air crisp and fresh. Here we will see Lesotho's horsemen dressed in their blankets and gumboots trotting around the hillsides. We spend a couple of nights at **Malealea Lodge**, Lesotho's most famous countryside retreat tucked up high in the mountains. Here there are isolated waterfalls, cool rock pools ideal for swimming, and peaceful hikes in the surrounding hills. This is also a great place to try **pony trekking** - one of the best ways to enjoy the scenery is atop a sure footed Lesotho pony.

We drive through the lowlands of Lesotho and visit **Thabo Bosiu** or **Mt. Moorosi** with a local guide (time & weather permitting). This mountain stronghold was the home of Chief Moshoeshoe, the founder of the Basotho nation. We continue through Lesotho's tiny capital Maseru, and re-enter South Africa.

Royal Natal National Park on the edge of the **Drakensburg Mountains** has an impressive natural **Amphitheatre** of massive rock walls. The **Tugela River** plunges spectacularly over the edge of the Amphitheatre wall, dropping around 800m through a series of five falls. There are over 130km of walking trails around the park-many of which are easy, half day strolls, through beautiful countryside of grassland dotted with patches of yellowwood forest and proteas set against the stunning backdrop of the Amphitheatre.

Heading north we pass through small towns and villages, through Afrikaaner heartland, making our way to South Africa's largest city, **Johannesburg**. Built as a result of the gold rush, the city has grown into one of the wealthiest cities in the world. We will be staying at a laid back backpackers in the suburb of Johannesburg, where you can relax by the pool.

DAYS 17 - 25 JOHANNESBURG TO VICTORIA FALLS

From Johannesburg we travel through the North-West Province to **Botswana** and continue on the **Trans-Kalahari highway** towards Maun, the gateway to the **Okavango Delta**. Here you will have an opportunity to leave the truck to venture into the Okavango Delta. Local poler guides will navigate the extensive waterways using canoes similar to their traditional Mokoro's (dug out canoes). This is a great experience - and the best way to have a chance of seeing the elusive wildlife of this unique desert oasis. You will have a number of opportunities to go on **game walks with rangers - giving you the chance to see elephant, crocodile and hippo** up close and personal. The Okavango Delta is one of the world's largest inland waterways and its calming serenity will leave those who experience it feeling supremely relaxed. There is also the opportunity to experience the heights of African adventure travel too: see the delta from the air during an hour-long flight.

We continue heading east into the Kalahari Basin - known for its dry, desolate and expansive freedom. We spend the night on the outskirts of the **Chobe National Park** - famous for its hordes of Elephants, as well as an abundance of other wildlife. You will have a chance to spend the afternoon on the Chobe River - a less intrusive way to view game and wildlife - as well as the Namibian frontier across the river. Crossing into **Zimbabwe** - we stop for several days at one of the adventure playgrounds of the world - **Victoria Falls**.

DAYS 26 - 37 VICTORIA FALLS TO HARARE

There is something here for everyone in **Victoria Falls; A day trip over the Victoria Falls bridge to view the falls from Zambia, Flight of Angels - a great way to get a birds eye view of the falls in a light aircraft or helicopter, Sunset Boat Cruises or a more sedate Canoe trip, to the adrenaline packed Gorge Swing, Abseil or a chance to experience one of the highest commercial Bungee Jumps in the world.**

After your adrenaline has been spent - We will then follow a journey that is steeped in history and say goodbye to our truck for the night as we **board the overnight train from Victoria Falls to Bulawayo**. Expect basic conditions, but the views and experience of looking out the window and watching the world go by more than makes up for it. If you look carefully you might even spot some kudu or elephant! In **Bulawayo** you have the option for a day to venture into **Matobo National Park** with a local safari company. You will have a unique chance to get out on foot to try and spot the elusive **Black Rhino - amongst other game**. There is also the opportunity to visit **Cecil Rhodes' grave and Ancient Rock Paintings**.

From Bulawayo we travel across **Mashonaland** to the **Great Zimbabwe Ruins** which was once the greatest medieval city in Sub Saharan Africa and where the name **Zimbabwe** is derived, literally meaning house of stone. We continue to Gweru where we visit a **privately run horse and game ranch** where you can go game viewing on **horseback or even take a walk with Lion Cubs!** Its our destination for the next few days and always a highlight! We make our way to the Eastern Highlands of Zimbabwe, we will either visit Chimanimani National Park or Vumba Gardens, where you have the opportunity to take a hike through the mountain wilderness area, or hiking to the nearby bridal veil falls, or simply enjoying the stunning surroundings from this sleepy village whilst strolling through the village market.

We will then make our way to the capital - **Harare**, arriving into Zimbabwe's cosmopolitan city, you can enjoy many of the sights in and around the city centre, there are many markets throughout the city from craft markets to the hectic local Mbare market, stroll through the botanical gardens, or enjoy the nightlife in one of the many bars throughout the city.

DAYS 38 - 44 HARARE TO LAKE MALAWI

Heading north via Harare - we cross the border into **Mozambique**. We follow the infamous '**Tete Corridor**' which was well known in the days of Mozambique's long running civil war as the 'Gun Run'. Thankfully these days things are a lot different! We continue on to the capital **Lilongwe** in the south of the country where we stop for the night. This will give you the opportunity to post gifts home or check out the local markets.

Passing through lush mountainous landscape and plantations - we soon will be following the coast of **Lake Malawi** - the countries most dominant natural feature. Camping in Malawi sums up the spirit of an Africa overland trip with Oasis. We spend 4 to 5 days at friendly laid back campsites where most people choose **to relax on the sandy beaches or try their hand at scuba diving , snorkelling or windsurfing** as we follow the lakeshore north. If you are more inclined to just relax - then there is no better place than on the shores of Lake Malawi. This really is a warm friendly country - making it easy to wander off and meet up with your local hosts in one of the many villages or schools nearby. You can view first hand the talent of the local artisans and purchase some exquisite pieces of furniture and carvings out of ebony and mahogany.

DAYS 45 - 51 LAKE MALAWI TO ZANZIBAR BACK TO DAR ES SAALAM

The next country on our journey is **Tanzania**, and after a day and half drive we pass through the peaceful **Mikumi** National Park. African safari travel is synonymous with wildlife, and in this national park we usually see **Elephant, Giraffe, Zebra and Antelope** from the roadside. From here we continue travelling through the interesting and **mountainous hinterland** of Tanzania.

Our route north then brings us to **Dar Es Salaam** where our truck is based in a campsite on a beautiful **Indian Ocean beach**. From here you will take the ferry out to **Zanzibar Island** for four nights and venture into the narrow bustling streets of **Stone Town** and its famous **spice markets, old slave forts and dungeons**. There is also time to relax on Zanzibar's famous white beaches, scuba dive or snorkel and swim with dolphins- before returning to Dar Es Salaam.

DAYS 52 - 59 DAR ES SALAAM TO NAIROBI

After leaving Dar Es Salaam we pass a number of small towns and villages along the way and, if we are lucky, we may see the towering peak of **Kilimanjaro**. We will stop off at Marangu where you have the opportunity to climb to Kilimanjaro base camp, or take a walk through the lush surroundings passing

through coffee plantations, rivers, waterfalls, caves and visiting a local blacksmith. We then continue to Arusha, at our camp on the outskirts of **Arusha** you have the option to use a local African safari travel company to guide us through **Ngorongoro Crater** and **Manyara National Park**. In these parks you will have the opportunity to view the abundant wildlife including **Elephant, Lion, Cheetah, White Rhino, Buffalo, Hippo, Antelope, Crocodile and Pink Flamingos**. From here you can also choose to go into the **Serengeti National Park** for a day where vast herds of wildebeest roam the plains. For those who wish - there is an option to visit a local **Maasai Village** and learn about their culture and way of life.

Making our way to **Kenya** we pass through hot savannah grasslands where acacia trees provide the only shade. Various game, usually **zebra and giraffe** can be seen as we head over the border. Once in the capital **Nairobi**, we stay in a private campsite on the edge of town.

DAYS 60 NAIROBI

Your adventure will finish after breakfast.

There is plenty to see and do in Nairobi - why not get up close to Africa's tallest mammal at Langata Giraffe Centre or visit the David Sheldrick Elephant Orphanage, where Oasis sponsor Kamboyo, an orphaned elephant.

PRE-DEPARTURE MEETING

There will be a pre-departure meeting in the starting hotel the night before the start of the trip, usually around 6:00pm. There will be a notice in reception advising the exact time and here your crew will explain how the day to day running of the trip works. Your Tour Leader will **collect your Local Payment** money as well as 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. It is essential that you attend this meeting - please let the UK office or your tour leader know if you are unable to do so.

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

FLIGHT INFORMATION

You need to arrive at your departure city at least the day before your trip begins. Return flights must be booked for at least the day AFTER the trip is due to end. You may wish to allow some extra time to explore your arrival and departure cities (if you are joining in Victoria Falls - we suggest arriving at least 2 days before if you wish to partake in the many adrenaline activities on offer).

There are many online flight search engines such as www.skyscanner.net or www.ebookers.co.uk, flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

One way ticket: If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/ receipt (that you will be sent at time of your balance payment) available at immigration to assist easy

entry.

Departure Taxes: Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

Kenya

Most nationalities will require an Electronic Travel Authorisation (eTA) to enter Kenya **which must be obtained in advance of travel**.

East African Visa - (relevant to Grand Adventurer, Apes & Lakes, Gorillas & Gameparks, Nairobi to Kigali and the 9 week Nairobi to Cairo Nile Trans - This covers you for entry into Kenya, Uganda and Rwanda and **is obtained as an e-visa in advance of travel**. You can apply via any of the three country websites, though the [Kenya evisa website](#) seems to provide the most efficient and quickest process. Once you leave the three countries your visa will expire, so if your itinerary will for example be re-entering Kenya again later please be aware that you may have to apply for and pay for a 2nd Kenyan eTA in enough time before you are due to enter the country.

Kenyan eTA - (relevant to Coast to Coast, Savanna Dawn and Gameparks & Zanzibar trips) - Kenya has introduced an Electronic Travel Authorisation (eTA) system. Travellers need to apply via <https://www.etakenya.go.ke/en>. This will take at least 3 days to process but you can apply up to 3 months in advance, so allow yourself plenty of time in case of delays. You will need to either print a copy of your eTA or download it to your mobile to present on departure at the airport and at immigration at your point of entry into Kenya. You may be denied boarding of your flight to Kenya or denied entry to Kenya if you do not have your copy of your eTA with you.

We know that the Kenyan visa websites often have issues taking payments. If your payment doesn't go through, the process will not have completed. We suggest that you:

- try a different website browser
- check your bank has not blocked the payment
- clear your cookies (if you know how) and try again
- wait a few hours or until the next day, and try again

If you are travelling on the **Trans Africa or Nile Trans expeditions** you will apply for the East Africa visa online while on the trip. Your tour leader will liaise with you about this.

Botswana

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada, South Africa and most EU countries will not require a visa to enter Botswana.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Lesotho

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Lesotho.

New Zealand passport holders will need to make sure that they obtain a multiple entry visa for South Africa as you will be entering and exiting Lesotho from South Africa.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Malawi

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Malawi. Malawi has started offering an e-visa scheme and all Malawi visas should **now be obtained in advance of arrival** rather than at the border. Most nationalities can obtain their e-visa online via the [Malawi government website](#). The price for most nationalities is 50 USD, and the process should take 5 working days (though we recommend allowing more). You will need various documents from us to complete the visa application and you will therefore not apply for the visa until after you have joined the trip. Your tour leader will then assist with the visa applications. South African passport holders do not need a visa.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Mozambique

Currently there is conflicting information available about the Mozambique visa however, passport holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries should expect to require a visa. We will obtain this visa whilst on the trip - please bring 3 recent colour passport photos along with you and have digital copies of your passport and a passport photo in case they are required for your application.

South African passport holders are free of charge.

Passport holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

South Africa

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter South Africa.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Tanzania

Passport Holders from UK, Ireland, Australia, New Zealand, Canada and most EU countries will require a visa to enter Tanzania. The current cost is \$50 USD with the visa available on arrival at the border. Passport holders from the USA also need a visa and can obtain it on arrival, but the cost is \$100 USD. Alternatively visas are available in advance via the [Tanzanian government's e-visa website](#). South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

For those travelling on the Grand Adventurer, Apes & Lakes and Gorillas, Gameparks & Zanzibar trip, the Tanzanian visa is a Single entry visa and also covers you for Zanzibar.

Zimbabwe

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will

require a visa to enter Zimbabwe. We will obtain this visa whilst on the trip at the border on arrival, a visa can also be obtained at the airport on arrival into Harare and Victoria Falls. Approximate cost for Australian, USA and New Zealand Passport Holders is \$30 USD, British and Irish passport holders \$55 USD and Canadian \$75 USD for a Single entry visa. South African passport holders are Free of charge.

If you are planning on going over to the Zambian side of Victoria Falls from Zimbabwe you will need to obtain a double entry visa for Zimbabwe so that you can return back to Zimbabwe after your day trip. Approximate cost for Australian, USA and New Zealand Passport Holders is \$45 USD, and British passport holders \$70 USD.

Canadians & Irish passport holders are unable to obtain a double entry Zimbabwe visa.

The visa into Zambia is called a Day Tripper visa and is available at the border and only valid for stays of less than 24 hours. The approximate cost is \$20 USD.

For those **joining in Victoria Falls** a UNI-Visa is available at the airport on arrival, which is a multiple entry visa between Zimbabwe and Zambia and costs approximately \$50 USD.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at **Nomad Travel**. Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Yellow Fever - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in nearly all the countries we visit in Africa, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the [World Health organisation](#).

Rabies - Vaccinations are regularly advised for all countries that we travel through in Africa - especially if time and money are not a deterrent.

Malaria - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit www.nomadtravel.co.uk or www.fitfortravel.scot.nhs.uk

Dengue - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

Health - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto www.nathnac.org/travel/.

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide us with the following details if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We are happy to refer our UK based travellers to the travel insurance specialists [Campbell Irvine](#) who have a policy suitable for overlanding and which covers most of the adventure and sporting activities on our trips.

For further information, check out the [Travel Insurance](#) section of our website.

MONEY, BUDGETS AND LP

Local Payment (LP)

LP is part of your overall trip payment and is the most cost effective and practical way to get hard currency to Africa to pay for a variety of your day to day local costs (i.e. all meals prepared by the group, campsite/hostel fees, gas, and certain activities listed on the trip page) which cannot be pre-paid from the UK. It is a guaranteed amount, set before your trip departs, and unlike 'group kitty' systems we will not ask you to contribute more once the trip is underway.

Please note: Your LP is payable to your Tour Leader on the morning of departure in US\$ Dollars CASH ONLY. Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and we will therefore be unable to accept them either. Please do not bring all of your Local Payment in US\$100 notes and also make sure that they are dated 2013 onwards and do not have a serial number starting with CB.

How to bring your currency?

Past Oasis travellers have fed back that, as a general rule it is best to bring your money in **US\$ dollars cash**, although you could also bring a combination of US\$ & £GB if British pounds are your home currency. It will depend on the exchange rate at the time of your trip as to which currency is better, but we suggest that US\$ are the preferred option for East Africa, whilst £GB can also be easily exchanged in Kenya, Tanzania and Southern Africa. PLEASE NOTE YOU SHOULD DEFINITELY BRING AT LEAST 50% of your money in cash. You will need to pay for your visas and many of the optional excursions using cash and there will be times when you need cash to change into local currency. Some travellers worry about carrying so much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport.

We also advise to bring £50 worth of SA Rand in Cash, as this may be needed if we arrive into Namibia or South Africa on a weekend & the banks/ATMs are closed (only if you are travelling to these countries).

Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and shops. Please ensure your notes are dated 2013 onwards and do not have a serial number starting with CB. Scottish pounds are also not accepted.

Please remember that Visas need to be paid for in US\$ CASH ONLY!

Spending Money

From past trips and traveller feedback £100 to £145 per week should cover costs such as some meals out (on average 2 per day are supplied), soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on **visa costs** (see visa section above) and **optional activities** separately (see optional excursions page) & allow extra for your **Local Payment** contribution.

Changing money

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

Credit & Debit Cards

If you are intending using your credit or debit card, we suggest taking more than one card with you as you may find that your card is not accepted in the first ATM you try. Visa and Maestro cards are best. **We do not recommend using MasterCard based cards in Africa as they have very limited access through large parts of Africa.** Please note that usually you will be given local currency and NOT US\$ or £GB. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked. Please see the optional excursions page for activities that can be paid for using a Credit or Debit Card. Commission rates vary between 2-8%.

Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. When using these cards abroad you will use them to withdraw the local currency from an ATM and not the currency that you loaded onto the card.

ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/ swallowed, or the machine isn't working. In some destinations we probably won't even see a bank or ATM for days on end so having hard currency to exchange is essential. Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs. Please note that although Zimbabwe's currency is US Dollars it is not currently possible to obtain USD cash from ATMs or banks due to the country's cash shortage.

Tipping

Is often expected and relied upon. It is often more than a reward for services well done, but, as wages are extremely low, it is an accepted means of supplementing an income. If you would like to leave a tip for any activity/individual, you could organize this as a group and give a tip at the end. A recommended amount for restaurants is usually 10% of your total bill and similar for activities. Some countries also add an extra Government tax on restaurant bills.

Because it can be difficult to know what to tip, and because it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end,

tipping remains at the discretion of the individual, but our crew will continue to advise on normal or average rates, and we would ask you to carefully consider the economic or personal impact of being seen as 'under tipping'. We know that many who travel with us are on a tight budget, but ask you to consider that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/ experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$1 a day.

CLIMATE

In East Africa (Kenya, Uganda, Tanzania) the year is loosely divided into the 'short' rains (November) and the 'long' rains (March to May). The 'rains' usually last for one or two hours each day followed by hot sunny weather. Nights can be surprisingly cold at higher altitude in western Uganda, Ngorongoro Crater & The Rift Valley.

In Southern Africa (Malawi, Zimbabwe, Botswana, Namibia and South Africa) the 'dry' season is April to October when the nights can be quite cold, particularly in June and July when it is very cold at night. Day temperatures are very pleasant at this time, usually mid 20s (°C). From November to March the weather is hotter and there is summer rainfall, although this is very intermittent when it may not rain for months, or it can rain for a day at a time. [View African Climate Chart](#)

WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: summer is very hot in places & winter can be very cold with occasional frost overnight in the south. (May to Aug can be very cold in Southern Africa). Make sure that you bring your gear in a 70-90L rucksack or holdall - suitcases are not suitable.

Equipment

- Sleeping Bag - 3 to 4 season bag, depending on season, & sleep sheet
- Foam sleeping mat or thermarest & repair kit
- Small day-pack or small bag to carry daily items
- Soft rucksack or holdall (NOT rigid suitcase)
- Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)

Clothes

- One pair of trainers or boots
- Sandals/flip flops/jandals/thongs
- Underwear/socks
- T shirts/shirts
- Shorts/swimwear

Toiletries - Most available to buy on trip

- Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm & moisturiser
- Sun block 35 + after sun, hat & sun glasses
- Tampons (can buy in most places)
- Contraception

Personal Effects

- Camera with protective case, spare batteries, film/ memory card
- Torch & spare batteries (head torch is best)
- Travel adaptor plug/charger (for cameras & mobile phone batteries)

- Jeans/trousers/jog pants/leggings
- Skirt or dress
- Sweat shirt/jumper
- Jacket/fleece & waterproof jacket

- Money belt
- Personal stereo - there is a stereo on the truck with iPod/MP3 adaptors
- Towel &/or sarong

Recommended Medical Kit List

- Antiseptic ointment/Antihistamine cream & tablets
- Nurofen or equivalent pain-killer
- Eye-drops/bath
- Anti-diarrhoea treatment
- A couple of bandages (elasticated & triangular)
- Medication for personal allergies/asthma etc
- Insect repellent containing Deet
- Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery
- Rehydration sachets/vitamin tablets
- Assorted plasters
- 1 Course of malaria treatment
- Malaria Tablets - see Vaccinations & Health section

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and shoot' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/ internet sites - but don't rely on it. Internet speeds can be slow for uploading photos to social media or the Cloud.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must.

Consider a 12V in-car charger (our vehicles are equipped with a couple of 12 volt cigarette lighter charger sockets - truck trips only) or bring along your 230V mains charger and travel adaptor plug for use at some of the hotels, hostels and campsites we stay at.

NOTE: 12V - 230V inverters cannot be used on our vehicles because of the power drain they cause.

Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your **Water-to-Go** products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way-much more environmentally friendly and saves you money.
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local

cafe is also a great way to meet local people.

- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

On board the truck - Each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of guarding and keeping the vehicle secure.

ADDITIONAL INFORMATION

Serengeti & Ngorongoro Crater 2 1/2 day / 2 night Safari

On your Oasis Overland trip through Tanzania, you have the opportunity to go on a guided safari in the world renowned Serengeti National Park & Ngorongoro Crater Conservation Area.

You can either add this to your booking in advance of your trip or you can pay directly to the local operator, the decision is yours!

Once requested and paid for, this cannot be refunded or exchanged.

For this safari you shall be collected in 7 seat safari vehicles, in the afternoon from Meserani Snake Park, where you will be staying on your Oasis trip. You will then be driven to Karatu, where you shall have an overnight stay and dinner at either Kudu Campsite or Flamingo Campsite.

The following morning you will have an early wake up & breakfast, before heading out to do a morning game drive in the Ngorongoro Crater. The group will then enjoy a picnic style lunch in the Ngorongoro Crater, before heading on to an afternoon's game drive in the Serengeti. You will then be taken to the Seronera Campsite, for your evening meal and where you will be camping overnight.

On the final day of this excursion you will have another early breakfast to give you the maximum morning game drive through the Serengeti. There will then be a packed lunch before heading back to Meserani Snake Park, where you will re-join your truck and your Oasis trip.

Please note: The above safari is fully inclusive of all meals while on safari, transport in purpose built safari vehicles with maximum 7 people plus a driver/guide, park entrance and conservation fees to Ngorongoro Crater and the Serengeti, as well as camp fees at Karatu and inside the Serengeti.

Please be aware that up to 2 months before your departure the cost of this Add On could change. This would only be due to currency fluctuations or price increases by the Tanzania Parks Authority.

Just add this on to your trip when booking!

African Wildlife and the Migration

Wildlife - View a [chart](#) detailing what animals you may see in the various gameparks and reserves we visit between Nairobi and Johannesburg.

The Migration - The '[Great Wildebeest Migration](#)' has to be one of the most impressive wildlife spectacles in the animal kingdom. For those lucky enough, this once in a lifetime experience can be viewed in the surrounds of The Serengeti National Park/Ngorongoro Conservation Area of Tanzania and the Maasai Mara of Kenya and can be done before or after your trips with us.

WHAT TO EXPECT

LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean and tidy.

Seatbelts

All Oasis Overland trucks are fitted with seatbelts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving. Our overland trucks in Africa also have a 'beach area' which is a chill out zone to be used when the truck is not moving.

Accommodation

Camping - Oasis uses roomy three-person tents but only for two people. They are specially made for us to meet the tougher conditions of an overland trip and have mosquito netting sewn into the door and windows. Tents are shared (between two people of the same sex from your group unless you are a couple). We spend some nights bush or desert camping and the rest of the time in campsites. Facilities and standards at campsites vary, some are well equipped and managed and some are very basic. At bush camps you will be living off the truck, so there will be no showers or en-suite facilities! At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing

your bed.

Lodges / Hostels - At some locations we will stay in lodges and hostels that are small, locally run establishments. The accommodation will vary depending on the rooming available, from dormitory style rooms, to twins/doubles or triple rooms. Upgrades may be available on arrival, but cannot be reliably pre-booked. Please refer to the individual trip inclusions for the percentage break up of your accommodation.

During the day

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers.

Meals & cook groups

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of two or three people approximately once every ten days depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a meal. But don't worry if you're not a Gordon Ramsay as the rest of the group and the Tour leader usually lend a helping hand. Here is an idea of what to expect at meal times:

Breakfasts: Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

Lunch: Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

Dinner: Cooks come into their own in the evening, and will always attempt to cook up some delights. When the truck is parked up for a few days in a town or city most people usually like the option to eat out at local restaurants - so we often don't cook all meals when at these locations.

Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with normal Local Payment funds due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

In the evenings

When at a bushcamp or campsite where you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back & chill and enjoy the rest of your evening!

Oasis Crew

We usually have two crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and

cooking as well as finding the best deals, socializing and making sure everything runs as smoothly as possible. While our crew are usually experienced and knowledgeable they are not tour guides as such. Our trips pass through many countries and our tour leaders cannot be expected to have detailed knowledge of each country's history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our crew who will do all they can to minimize any disruption to the trip. While our crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

Itinerary

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time. If you decide not to join a popular excursion, you will have free time to relax or wander off to a market, village or beach, depending on where we are.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
