

EXPLORATORY - LONDON to ST. PETERSBURG (13 days) Ultimate Train Journey

COUNTRIES VISITED: RUSSIA, UNITED KINGDOM

INCLUDES

- Accommodation - 100% simple hostels/hotels and overnight trains
- Trains from London to St. Petersburg (some overnight sleepers)
- Fast train from Moscow to St. Petersburg
- Meals - breakfast only
- Services of Oasis Crew

EXCLUDES

- Visas
- Optional Excursions as listed in the Pre-Departure Information
- Flights
- Airport Taxes & Transfers
- Travel Insurance

- Meals - lunch & dinner
- Drinks
- Tips

TRIP ITINERARY

DAYS 1 - 8 LONDON TO MOSCOW

Starting in **London** take a journey by train to **Berlin**, where we spend 2 nights to take in the sights of this historic City. Walk along the route of the old **Berlin wall** and visit Checkpoint Charlie! See the mighty Brandenburg Gate and relax in one of the city's many coffee shops.

Continue by train to **Warsaw** where we have time to get an impression of this fast changing city. We can learn about the Warsaw uprising at the Warsaw museum or visit the **Royal Castle**. From the pastel coloured buildings of the old town to the tranquility of the **Royal Lazienki Park** we are sure to find plenty to see and do.

We board the night train to **Kiev**. We have 2 full days to explore the Capital of the Ukraine, whose name derives from Kyi, one of the city's four legendary founders. There are amazing **golden domed cathedrals** and the golden gate to visit or maybe you prefer to view the underground bunkers and passages on a tour of urban Kiev. There will also be time to take an optional day trip to visit **Chernobyl**, site of the Nuclear disaster in 1986.

We take the overnight train to **Moscow**.

DAYS 9 MOSCOW

This city needs no introduction and we will be spending 2 nights to fully explore the amazing sights. **Red Square, The Kremlin, St Basil's Cathedral, Lenin's Mausoleum** all need to be ticked off the 'must do' list! Shop until you drop in GUM, the long established 3 story shopping arcade, enjoy some peace in the enormous **Gorky Park** or maybe take in a cultural experience at the **Bolshoi Ballet**.

DAYS 10 - 12 MOSCOW TO ST PETERSBURG

We travel by fast train to St Petersburg, taking just under 4 hours. We have 2 full days to savour the spectacular palaces, visit the onion domed **Church of the Saviour on Blood** and wander the galleries of the giant **Hermitage Museum**.

DAYS 13 ST PETERSBURG

Your trip ends after breakfast.

ESSENTIAL INFORMATION ABOUT YOUR TRIP

ARRIVAL & ACCOMMODATION

Trip Joining Point: Generator Hostel - London

Start Time Day 1: 08:00

Address: 37 Tavistock Place, London, WC1H 9SE

Telephone: +44 (0) 20 7388 7666

Website: www.generatorhostels.com

Email: ask.london@generatorhostels.com

All prices listed are approximate and subject to limited availability.

Room Type	Price	Description
Dorm, from	£9.00	Per Person
Twin - shared facilities	£44.00	Per Room
Twin en-suite	£61.00	Per Room

The trip starts from the Generator Hostel at approximately 8am on the morning of Day 1 of your trip.

A very social place to stay, this well known backpackers hostel and has a great atmosphere. Generator London is a short stroll from Covent Garden, Regents Park and the British Museum. When crafting this hostel we redesigned this old police station to reflect the city's street life. Local reclaimed timber, exposed brickwork and hot-rolled black steel give the hostel an industrial feel. Bold graphics, vibrant patterns and famous British cultural icons combine to capture London's cosmopolitan vibe.

PRE-TRIP ACCOMMODATION:

Please book this direct with the Generator Hostel. Accommodation costs are payable direct to Generator Hostel.

AIRPORT TRANSFERS:

We are unable to arrange transfers to London. If you're travelling from Stansted Airport, take the Stansted Express to Liverpool Street. Get on the tube and take the Central line to Holborn then change onto the Piccadilly line and get off at Russell Square. It's a brief walk from there to the hostel. A single fare on the Stansted Express is £21.50 and the journey takes about 47 minutes.

If you're flying into Heathrow Airport, take the Piccadilly line to King's Cross. Then it's a 5-minute walk to Generator London. A single fair is £5.50 and it'll take about an hour.

If you're arriving into Gatwick Airport, take the Southern Railway or Gatwick Express to London Victoria station. From there, get on the tube and take the Victoria line to King's Cross. Then it's a 5-minute walk.

PRE-DEPARTURE MEETING

There will be a pre-departure meeting in the starting hotel the night before the start of the trip, usually around 6:00pm. There will be a notice in reception advising the exact time and here your crew will explain how the day to day running of the trip works. Your Tour Leader will **collect your Local Payment** money as well as 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. It is essential that you attend this meeting - please let the UK office or your tour leader know if you are unable to do so.

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation can be arranged with your Tour Leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

FLIGHT INFORMATION

You need to arrive at your departure city at least the day before your trip begins. Return flights must be booked for at least the day AFTER the trip is due to end. You may wish to allow some extra time to explore your arrival and departure cities.

There are many online flight search engines such as www.skyscanner.net or www.ebookers.co.uk, flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

One way ticket: If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

Departure Taxes: Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

As a guideline, you will need at least 1 blank page per country in your passport after you have obtained the relevant visa's before your trip commences.

VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas you require.

IMPORTANT: Once you have booked this trip, please contact the office for information on your Visa Document Pack.

To acquire all the necessary visas before travelling it may be necessary to submit your passport to a number of different embassies at different times and the timings of supporting documents being processed can be unpredictable, so we recommend you remain in your home country for two months before starting your Oasis Overland trip. If you are travelling beforehand, please contact us.

Visas must be paid for in USD cash ONLY when obtained on the trip.

Most of the countries we travel through in Central Asia require a visa. Prior to departure you will be provided with full and comprehensive information that will guide you through the process and give you all the tools you need to help get your visas. Visas for trips in South East Asia can be obtained either en route or at the border.

All information given pertaining to visas is given in good faith and is accurate, to the best of our knowledge. The rules and timings for obtaining each visa can vary enormously from one embassy to the next, and the processes and requirements can and often do change overnight and without prior notice. Please allow time for unexpected delays and be regularly contactable in the months running up to your trip - we will need to be able to be in touch with you.

We will do everything we reasonably can, in liaison with our strong support network of local operators and agents, to help you get all your visas in time and with minimal inconvenience and cost. But please remember it is ultimately your own responsibility to check the visa requirements for your nationality with the relevant authorities and officials and to ensure you have all the necessary valid documents for your trip and we offer no guarantees that your applications will be successful; these decisions are ultimately in the hands of the officials in the various countries we visit. We have no influence over their decisions.

Country	British	Aust.	NZ.	S.African	USA	Canadian

Ukraine	Free	£80	£80	£80	Free	Free

An informative and well-written independent guide to Central Asia visas can be found at www.caravanistan.com.

Russia

All nationalities must obtain a **Russian visa in advance**, before joining the Oasis trip. This needs to be obtained through a Russian embassy or consulate.

To apply for your visa for Russia you will be required to obtain a Letter of Invitation (LOI) at an additional cost. Once you have received the LOI you will be able to apply for the visa at the relevant consulate.

Details for the LOI process and visa application will be emailed to you a few months before your trip departs. Cost will depend on the embassy in which you apply for your visa, approximately £120.

United Kingdom

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter the United Kingdom.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at www.nomadtravel.co.uk. Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Yellow Fever - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in many countries we visit, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the World Health organisation http://www.who.int/ith/ITH_country_list.pdf

Rabies - Vaccinations are regularly recommended for some of the countries that we travel through - especially if time and money are not a deterrent.

Malaria - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit www.nomadtravel.co.uk or www.fitfortravel.scot.nhs.uk

Altitude sickness - This is caused by thin air (due to lack of oxygen) and can affect anyone arriving at high altitude (above 3000mtrs). The symptoms are headaches, dizziness, shortage of breath and possibly nausea. To avoid this or alleviate the symptoms make a point to acclimatize by arriving into a high altitude destination a few days early and make sure you do not over exert yourself, rest for a few hours, avoid drinking alcohol, smoking, large meals and drink plenty of water.

As we are travelling mostly by land (as opposed to flying into a high altitude location) we should acclimatise gradually, and so avoid 'soroche', mountain sickness.

Dengue - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

Opiates and Prescription Medicines in Central Asia - Please note that all opiates and their derivatives are highly illegal in Central Asia, particularly Turkmenistan and Uzbekistan. Any products containing opiates, such as codeine or co-codamol are illegal and if you are found in possession of them you may be arrested as a drug-trafficker. Ensure that all personal medication is clearly labelled. If you are travelling with prescribed medicines you will need to have a copy of the signed doctor's prescription with you.

These rules can change without notice, so if you have any queries it is advisable to check travel advice provided by the [British Foreign and Commonwealth Office](#), which provides specific information for each country on the latest requirements.

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details in [My Oasis Account](#) if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. You can purchase our insurance by logging into [My Oasis Account](#) and click 'Buy Insurance' or through the following [link](#).

MONEY, BUDGETS AND LP

Local Payment (LP)

LP is part of your overall trip payment and is the most cost effective and practical way to get hard currency to the Middle East and Asia to pay for a variety of your day-to-day local costs (i.e. all meals prepared by the group, campsite fees, gas, and certain activities listed in the brochure) which cannot be pre-paid from the UK. It is a guaranteed amount, set before your trip departs, and unlike 'group kitty' systems we will not ask you to contribute more once the trip is underway.

Please note: Your LP is payable to your Tour Leader on the morning of departure in US\$ Dollars CASH ONLY. Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and we will therefore be unable to accept them either. Please do not bring all of your Local Payment in US\$100 notes and also make sure that they are post 2013 and do not have a serial number

starting with CB.

How to bring your currency?

Past Oasis travellers have fed back that they have felt, as a general rule, it is best to bring your money in cash as a combination of Euros and US dollars. Euros are of course the best currency throughout Europe, Turkey, the Caucasus and Iran, and for all of Central Asia and China US dollars are favourable. Pre-paid travel currency cards are also an option if you are concerned about bringing all your money in cash but we advise bringing at least 50% of your money in cash. Some travellers worry about carrying so much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport.

US dollars dated pre-2006 are not generally accepted so please ensure your notes are dated 2013 onward possible and are in a clean condition with no writing on the notes. Scottish pounds are usually not accepted.

Turkmenistan - is a largely cash-based economy; in all of the country there are very few ATMs, all in Ashgabat, and these are often out of service. Credit/debit cards and pre-paid currency cards are very difficult to use. Please budget for your time in Turkmenistan entirely in US dollars cash. It is possible to change money in hotels and at bureaux de change at a set exchange rate.

Spending Money

From past traveller feedback, US\$150 to US\$200 per week should cover costs such as meals out (on average 50% are supplied), soft drinks and beers, email and communications, souvenirs and other general spending. Personal spending habits and budgets differ greatly from person to person. Budget on optional activities and visa costs separately (see visa section above and optional excursions page) and allow extra for your Local Payment contribution.

Changing money

Change your money only at banks, hotels, airports or official exchange bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where and when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

Credit and Debit Cards

If using credit or debit cards (bear in mind these cannot be used in Turkmenistan) Visa is best; Mastercard and American Express have limited access through parts of Asia. Please note that usually you will be given local currency and NOT US\$ or £GB. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked.

Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. Pre-paid cards that use Visa are preferable to Mastercard, which can be difficult to use.

ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/swallowed, or the machine isn't working. In some destinations we probably won't even see a bank or ATM for days on end. Even where do find them, they cannot always be relied upon - things change, and ATMs don't always work! Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs.

Tipping

Is often expected and relied upon. It is often more than a reward for services well done, but, as wages are extremely low, it is an accepted means of supplementing an income. If you would like to leave a tip for any activity/individual, you could organize this as a group and give a tip at the end. A recommended amount for restaurants is usually 10% of your total bill and similar for activities. Some countries also add an extra Government tax on restaurant bills.

Because it can be difficult to know what to tip, and because it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end, tipping remains at the discretion of the individual, but our crew will continue to advise on normal or average rates, and we would ask you to carefully consider the economic or personal impact of being seen as 'under tipping'. We know that many who travel with us are on a tight budget, but ask you to consider that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/ experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$1 a day.

CLIMATE

You will experience a variety of climates and weather conditions in Asia. At times it can be **very hot**, with temperatures reaching 40°C or higher in the deserts of Turkmenistan, Uzbekistan and China. On the other hand, it can get **very cold**, dropping to -5°C or lower in the mountains of Kyrgyzstan and Georgia. Though much of the trip will pass through dry areas where rainfall is rare, you will also travel in regions that can have rainfall year-round or at times even snow. So it is important to bring suitable clothing and camping equipment for all conditions. [View Central Asia Climate Chart](#)

The climate in South East Asia is tropical, with high temperatures and generally quite humid year-round with rainfall is common, especially in the afternoon. The rainy season lasts roughly from May to October, but even during this time of year the rains usually take the form of short, heavy showers.

WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much gear. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: allowing for extremes in temperature (from the constant baking heat in the dry season to the cold and occasional frost overnight in some areas) Make sure that you bring your gear in a traditional soft sided 70 - 90L rucksack or holdall - suitcases are not suitable. **Remember baggage is limited to 20kg per person plus one day bag.**

Equipment

- Sleeping Bag - 3 to 4 season bag, depending on season, & sleep sheet

Toiletries - Most available to buy on trip

- Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm &

- Foam sleeping mat or thermarest & repair kit
- Small day-pack or small bag to carry daily items
- Soft rucksack or holdall (NOT rigid suitcase)
- Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)
- moisturiser
- Sun block 35 + after sun, hat & sun glasses
- Tampons (can buy in most places)
- Contraception

Clothes

- One pair of trainers or boots
- Sandals/flip flops/jandals/thongs
- Underwear/socks
- T shirts/shirts
- Shorts/swimwear
- Jeans/trousers/jog pants/leggings
- Skirt or dress
- Sweat shirt/jumper
- Jacket/fleece & waterproof jacket

Personal Effects

- Camera with protective case, spare batteries, film/memory card
- Torch & spare batteries (head torch is best)
- Travel adaptor plug/charger (for cameras & mobile phone batteries)
- Money belt
- Personal stereo - there is a stereo on the truck with iPod/MP3 adaptors
- Towel &/or sarong

What to wear - Keeping your arms, shoulders and legs covered will go a long way to prevent causing offence and hassle to yourself. This is true for men as well as women (especially in predominantly Muslim countries). Avoid wearing tight or revealing clothing, but generally on some beaches you can wear what you like. Attitudes range from fairly liberal in such places as the Mediterranean coast, to extremely conservative in some of the small towns elsewhere.

Kyrgyzstan - if your trip goes to Kyrgyzstan bear in mind that we mostly camp at high altitude and you can expect it to get very cold! Please bring warm clothing and a suitable sleeping bag for temperatures that may at times reach below freezing.

Recommended Medical Kit List

- Antiseptic ointment/
Antihistamine cream & tablets
- Nurofen or equivalent pain-killer
- Eye-drops/bath
- Anti-diarrhoea treatment
- A couple of bandages (elasticated & triangular)
- Medication for personal allergies/asthma etc
- Insect repellent containing Deet
- Re-hydration sachets/vitamin tablets
- Assorted plasters
- 1 Course of malaria treatment
- Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery
- Malaria Tablets - see Vaccinations & Health section

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and press' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/ internet sites - but don't rely on it.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of

local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must. Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click here and enter the code OASIS15 to purchase your [Water-to-Go](#) products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way-much more environmentally friendly and saves you money.
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

On board the truck - Each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot

accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of guarding and keeping the vehicle secure.

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

OPTIONAL EXCURSIONS

RUSSIAN FEDERATION

Title	From Price
Kremlin Entrance	US\$10
St Basil's Cathedral - Moscow	US\$8

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time. If you decide not to join a popular excursion, you will have free time to relax or wander off to a market, village or beach, depending on where we are.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
