TRIP ITINERARY

DAYS 1 MARRAKECH

Welcome to Morocco! After a short transfer from the airport, you will have a free day to explore this vibrant city. Tonight you will meet your fellow travellers at your **pre-departure meeting at 6pm**, organised at the joining hotel in the heart of town. (*Dinner*)

Overnight: Hotel El Andalous (or similar)

DAYS 2 DADES GORGE

We start our unique expedition by travelling overland to the impressive **waterfalls of Ouzoud**, 110m high with three levels of cascading water dropping into the river below. From the footbridge at its base you can hike some of the many trails or paddle in one of the pools. Lunch will be in **Azilal** today before we proceed to the nomad's camp in **Tamda to meet the Berber family** (sheep, goats & mules too!) that we will be travelling with on their twice a year migration from the **High Atlas Mountains to the lower Dades Valley**. We overnight at Dades Gorge. (*Breakfast, Lunch, Dinner*)

Overnight: Nomads Berber Accommodation

DAYS 3 - 8 BERBER MIGRATION

Please note the May departure involves taking the livestock back up the mountain from their sheltered winter pastures and the September departure involves taking them back down to the Dades Valley. The migration will cover a distance of about 50-55 miles in total and distances covered in a day will vary between 5-12 miles, taking between 4-7 hours per day (including breaks). Generally, we will walk until lunch time and then stop for the day, leaving you the afternoons free to soak up the scenery, read, or do your own short afternoon stroll. The highest point we will reach on the trek is about 3,100m. The terrain often involves walking along stony river beds. (Please note these timings and distances are a rough guide only and will vary according to group size, speed, weather conditions etc).

Breathtaking scenery abounds as we commence our amazing **journey with our Berber family & their livestock** through the beautiful Atlas Mountains. There's no rigid itinerary here and **every migration experience becomes unique** as our new nomad friends know every inch of this area and choose their route according to the conditions en route. By day we trek through stunning terrain with **steep passes overlooking picturesque valleys** and remote **Berber homesteads**. If we're lucky we might get invited in for tea! By night we enjoy tasty **traditional Moroccan food** and time to relax under the starry skies before settling down for the night in our two-person tents. Each day sees us descend closer towards the **Dades Valley** until eventually we reach **Ait Youl in the beautiful Dades Gorge**. The lower valleys here are where our Berber hosts will settle for the winter to escape the freezing temperatures of the High Atlas. We have one last night of camping in this serene area. (*Breakfast, Lunch, Dinner*)

Overnight: Nomads Berber Accommodation

DAYS 9 AIT BENHADDOU

This morning we part company with our Berber companions and wish them well before continuing firstly to **Ouarzazate** which was once a stopover for African Traders on their way to Europe, and secondly **Ait Benhaddou**, a well preserved, fortified city on the former Saharan Caravan route which is now

a **UNESCO World Heritage site** that has featured in many Hollywood movies! We end our day back in **magical Marrakech** where our week of camping is rewarded with a comfortable bed in our hotel! *(Breakfast, Lunch, Dinner)*

Overnight: La Rose Du Sable (or similar)

DAYS 10 MARRAKECH

Today we have a full free day to immerse ourselves in the sights, sounds and smells of this incredible city. Wander through the winding streets of the **ancient medina** and its palaces & tombs. Try a **traditional hammam**, a steam bath and invigorating exfoliation & massage. Visit **Koutoubia Mosque**, the city's towering landmark, then in the evening experience **Djemâa-el-Fna**, the city's main square with its snake charmers, story tellers, musicians, henna artists & fantastic food stalls. Marrakech is the perfect place to end this epic adventure and raise a toast to your new found friends. *(Breakfast)*

Overnight: Hotel El Andalous (or similar)

DAYS 11 MARRAKECH

Your adventure tour ends after breakfast. For those flying out of Marrakech on this day, you can arrange airport transfers with your guide, and these can be booked any time for this day – there is luggage storage at the hotel should you need to check out before you go to the airport. Additional nights in Marrakech can also be booked upon request, please contact us for details. *(Breakfast)*

Morocco

- **All trips:**

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Morocco.

South African passport holders require a **visa in advance** to enter Morocco. This needs to be obtained through a Moroccan embassy or consulate in your home country, before beginning the trip. Please contact your nearest High Commission to find out more.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti- malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at www.nomadtravel.co.uk. Alternatively you can check out the [fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Health - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto www.nathnac.org/travel/

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details in [My Oasis Account](#) if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. You can purchase our insurance by logging into [My Oasis Account](#) and click 'Buy Insurance' or through the following [link](#).

MONEY, BUDGETS AND LP

Spending Money

From past trips and travellers feedback £20 to £30 per day per person, should cover costs such as meals not included, soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on optional activities separately (see optional excursions page). Please note that Moroccan Dirham's (MAD) cannot be obtained outside of Morocco. Please bring cash in Euros / GBP£ / US\$ to exchange once in Morocco or use the ATM's in the main cities.

Changing money

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

Credit & Debit Cards

A combination of several types are suggested as not all types are accepted in all places. Visa & Maestro are best, MasterCard has limited access through parts of Morocco, but is generally accepted in ATMs. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked. Please see the optional excursions page for activities that can be paid for using a Credit or Debit Card. Commission rates vary between 2 to 5%.

Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip and easier to use than travellers cheques, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision.

ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We

discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/ swallowed, or the machine isn't working. Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs.

Tipping

Is usually expected & is a way of life in the region. Sometimes referred to as 'baksheesh' it is often more than a reward for services well done, but as wages are extremely low, it is an accepted means of supplementing an income. To avoid embarrassment and save you money, your guide will operate a tipping kitty and tip everyone from waiters, hotel staff (including cleaners), drivers and local guides on your behalf. **You will be asked for your tipping kitty contribution at the welcome meeting.** The tipping kitty amount for your trip can be found on the front page of your pre-departure information and the trip page on our website.

In the past we have been asked for guidance for the tipping of your Tour Leader (who is not covered by the tipping kitty). While this is always your own personal choice, previous travellers feedback has suggested an approximate amount of £1 to £2 per person per day for the trip. Please remember that tipping and the amount you tip is entirely up to you individually and is always your choice.

CLIMATE

Morocco makes for a good destination all year round. Daily sunshine ranges from 13 hours in the desert to 9 and 10 on the Atlantic coast. In the winter, you will see up to 6 hours in the North, increasing to 7 or 8 as you move south.

The north coast and the Rif mountains have a Mediterranean style climate: hot and generally continuous sunshine between May and September, interspersed with rainy periods for the rest of the year. The Atlantic coast sees most rain, with the heaviest falls in winter. The coast is very mild in winter, and avoids the snow that can be seen throughout the year on the peaks of the Atlas mountains. The night time temperatures up in the Atlas mountains are likely to be very cold. We would advise thermal layers at night-time and a good 4 season sleeping bag. We can experience rain on our Sept. and May departures- although it is more likely for Sept. [View Moroccan Climate Chart](#)

WHAT TO TAKE

The less you take, the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much gear. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: use the climate guide above. Remember, nights are **very** cold in the mountains. You can even buy an extra blanket at the start of your trip in the souks of Marrakech. Please note that female travellers should generally have their legs and shoulders covered- so long trousers/ skirts are more acceptable than shorts. Make sure that you bring your gear in a 70 - 90L rucksack or holdall - suitcases are not suitable.

Equipment

Our guides are familiar with the nearest pharmacies, doctors and hospitals throughout the trip if you need to seek medical attention. It will be your own responsibility to carry your medical kit on included excursions and optional activities as some local operators may not have medical kits to hand.

If you do have any space in your bags any pens/pencils/exercise books will be very gratefully received by the Ait Ouham Association for Development-a community project, that will distribute them to local school children. These can be given to your Tour Leader at the start of your tour. There may be an opportunity to visit the project at the start/end of your Trip.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and press' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/ internet sites - but don't rely on it.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must. Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people

try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- **Water-to-Go:** Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. [Click here](#) and enter the code OASIS15 to purchase your Water-to-Go products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way-much more environmentally friendly and saves you money!
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look

unsightly it can be lethal to wildlife.

- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near, (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - As part of your booking a donation is made to the Ait Ouham Association for Development, a local organisation set up by our own Moroccan Guide in his home valley in the Atlas Mountains. It seeks to improve lives through education, setting up co-operatives and providing basic facilities such as tap water to homes in the area.

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

Oasis does not take responsibility for clients' personal items and we advise you to not take items of value that are not essential for the journey.

WHAT TO EXPECT

LIFE ON THE ROAD

You will be travelling within a group size ranging from 2-16 people, so come with an open mind and ready to make new friends! You will be accompanied on your adventure with an experienced Local English speaking guide. They are knowledgeable and passionate about the history and culture of Morocco.

Accommodation & Transport

Transport is by minivan, 4x4 Land Cruiser and Camel! Accommodation is in shared rooms (between 2 people of the same sex from your trip unless you are a couple). We use basic 3 star hotels along with a night camping in a traditional Berber camp in the Desert. Some hotels even have swimming pools and sun-lounge areas. In some hotels you may be able to upgrade to a single room (at your own expense).

Temperatures in Morocco are generally high, particularly during the summer months from May to September, so take sunscreen. However in winter temperatures can drop right down in the evenings, but as long as you bring some warm clothing and a sleeping bag for this night in the desert then you should be more than comfortable.

Altitude

For most tours you do not exceed any altitude that would cause ill effects. However for the Berber Migration in the High Atlas which has an altitude of over 3,000 and is therefore defined as a high altitude area then there are different guidelines as exposure to these heights can cause the onset of altitude sickness. This form of sickness which is the biggest health risk for trekkers can cause people to experience differing degrees of symptoms, which include, headaches, nausea, dizziness, fatigue and shortness of breath. However our treks are designed to ensure there is plenty of time for adequate acclimatisation and cases of mountain sickness are rare. If you do suffer though symptoms will usually decrease in severity during acclimatisation. Throughout the trek it is therefore important to drink plenty of fluids and eat lots of carbohydrate food as well to keep the body properly hydrated and finally and most critically please report any symptoms of altitude sickness immediately to your guide.

Vegetarians / Vegans / Coeliac / Gluten & Lactose intolerance

Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we don't cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you. Remember that when eating out in local restaurants & hotels sometimes being vegetarian or food allergies / intolerances are still not widely known about or understood by many local people. i.e. Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

Ramadan

Ramadan is the holy Islamic month during which Muslims fast during the day and is based on Lunar months. No food or liquid is allowed to pass a person's lips during daylight hours. Tourists are not expected to fast during this time, but are expected to show respect, by not eating on the streets or in public view etc. Be aware some shops and historical sites may adjust opening times, but this should not significantly affect our itinerary. Hotels and western style pubs we use normally continue to sell alcohol during Ramadan, but general availability may be limited.

People in some regions are generally conservative, especially about matters concerning sex and women. Muslim countries simply are not the place to make a feminist statement. Attitudes range from fairly liberal to fairly conservative in some of the small towns we may pass through. If you are not prepared to fit in with the social code of the area you may be harassed.

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

OPTIONAL EXCURSIONS

MOROCCO

Title	From Price
Hamam - Moroccan Bath House	US\$16

Title	From Price
Hot Air Balloon flight	US\$242
Marrakech Walking Tour	US\$10

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time. If you decide not to join a popular excursion, you will have free time to relax or wander off to a market, village or beach, depending on where we are.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
