- All transport on Oasis Expedition Truck
- Camping and Cooking equipment
- Services of Oasis Crew

EXCLUDES

- Visas
- Gorilla Trekking Permit (bookable as an Add on)
- Optional Excursions as listed in the Pre-Departure Information
- Flights
- Airport Taxes & Transfers
- Travel Insurance
- Meals - approx. 40%
- Drinks
- Tips

TRIP ITINERARY

DAYS 1 - 4 NAIROBI TO NAKURU

After **our pre-departure meeting** - our trip departs Nairobi and heads north into one of Africa's greatest natural features, the **East African Rift Valley**. Stretching from the Dead Sea in Jordan down to Mozambique in Southern Africa, our first view is from the top of a steep escarpment. Overland trips through East Africa will allow you to experience some of the most dramatic scenery in the world, and the Rift Valley is a definite highlight. The valley floor seems to sweep on forever and is dotted with volcanic peaks, shimmering lakes and countless springs. Our journey takes us into the heart of the Rift Valley to **Lake Naivasha**. We camp near the lake shore where **Hippos** sometimes feed at night! Here you can walk to **Elsamere**, the house of **Joy Adamson - of Elsa the Lion and Born Free fame**, and enjoy a film of her life - and cream teas! You can also **hire mountain bikes and cycle or walk through Hells Gate National Park** - the only game reserve in Kenya in which you are permitted to do so.

Or for a less active but equally enjoyable game viewing experience - visit the **Crater Lake Game Sanctuary**. Both offer excellent scenery and opportunities to spot hyrax, abundant bird and plant life along with several types of gazelle, impala and eland.

Next we travel **to Lake Nakuru National Park** - home to a wide variety of wildlife including **Black Rhino, Hippo, Lion, Leopard, Hyena and Giraffe**. However, Nakuru is a soda lake and most famous for its pink inhabitants, a flock of almost a **million Pink Flamingos** which feed noisily along the shoreline.

DAYS 5 - 7 NAKURU TO KAMPALA

We then continue west and travel to **Uganda**. A mountainous drive with spectacular scenery through the **Nandi Hills** brings us to our next stop at **Eldoret**. From here we cross the Kenya - Uganda border, and continue to camp near **Jinja - Uganda's adventure playground**. Here, on the edge of **Lake Victoria**, the Nile begins its 6700km journey to the sea. We spend the next few days downstream from the source of the Nile. This is a spectacular area and a superb place to go **whitewater rafting or kayaking**. You can also organise **quad biking, horse riding or a visit to a local education project**. A short drive takes us to the capital **Kampala**.

Kampala has had a turbulent past, but these days it is a friendly and safe city. We have a free day to spend in local cafes and nightspots - where you can get to know the local people.

DAYS 8 - 10 KAMPALA TO KABALE

The following day we have a long drive as we head west through swamps, patches of forest and fertile green countryside. As we travel through Uganda, we'll pass through a number of small towns and villages; Mpigi, where you will see **roadside stalls manufacturing and selling traditional musical instruments**; Kyazanga, where we can buy **fresh rotisserie and roasted meat and vegetables, as well as roasted plantain bananas**. We will also be able to make a photo stop where our route crosses the **Equator**.

Bwindi Impenetrable Forest National Park and Mgahinga Gorilla National Park are home to several families of Highland **Mountain Gorillas**. Getting up close to these amazing creatures is truly a once in a lifetime experience and one of the highlights of the trip. You have the **[opportunity to trek to see the Gorillas in Uganda](#)** (bookable as an Add on). It is estimated that only around 700 of these gentle giants remain. This mountainous area on the borders of Rwanda, Uganda and Zaire (now renamed Democratic Republic of Congo) is their only natural habitat and they are periodically threatened by poachers and political instability in the area. One permit allows you to spend about 50 to 60 minutes with one of the gorilla families. Trekking to find them in groups of 8 people can take anywhere from half an hour to 5 hours. The organisations and well-trained guides that continually monitor and protect the families are conscientious and responsible. We will base ourselves in the village of Kabale which will give you the opportunity to trek the Mountain Gorillas and visit the beautiful **Lake Bunyonyi**, where you will have the opportunity to visit a school for orphans or a pygmy village.

(Due to the popularity of Trekking to the Mountain Gorillas and the limited availability of obtaining Trekking Permits, we may do the Gorilla trek in Rwanda in Volcanos National Park, which may come at an additional cost - you will be advised in advance).

DAYS 11 - 13 KABALE TO KIGALI

Passing over the mountain ranges we cross the border into Rwanda. The small, friendly town of **Musanze** is home to Musanze caves and several hiking trails. You can take a village tour through the area and see firsthand production of local Banana beer. There will also be an opportunity to visit the **genocide memorial in Kigali**, which is a moving and humbling experience.

DAYS 14 - 19 KIGALI TO NAIROBI

Entering Tanzania we follow the Southern shores of Lake Victoria. This part of Tanzania is quite remote and far from the general tourist route. Our first point of call, **Biharamulo**, is a small friendly town with great street food and bars. From here we travel east along the lake to the bustling, lively, fishing ports of either **Mwanza** or **Musoma**.

We then re-enter **Kenya**, travelling via **Kisii**. The group will then go on an afternoon and morning game drive in one of the most famous National Parks, the **Maasai Mara**. Here you will have the opportunity to look out for all its incredible wildlife before making our way back to Nairobi.

DAYS 20 NAIROBI

Get up close to Africa's tallest mammal when we visit the Langata Giraffe Centre in Nairobi. Free time to visit the David Sheldrick Elephant Orphanage, where Oasis sponsor Kamboyo, an orphaned elephant.

DAYS 21 - 24 NAIROBI TO ARUSHA

We depart Nairobi early morning and immediately find ourselves in hot savannah grasslands with acacia trees providing the only shade. Various game, usually zebra and giraffe can be seen as we head south and cross into Tanzania - where we camp on the outskirts of Arusha town.

Here you have the option to use a local African safari travel company to guide us through the **Ngorongoro Crater** and **Serengeti National Park**. You'll head down into the spectacular Ngorongoro Crater. On the crater floor you will have the opportunity to view the abundant wildlife including **Elephant, Lion, Cheetah, White Rhino, Buffalo, Hippo, Antelope, Crocodile and Pink Flamingos**. From here you go into the Serengeti for a day where vast herds of wildebeest roam the plains. For those who wish - there is an option to visit a local **Maasai Village** and learn about their culture and way of life.

DAYS 25 - 32 ARUSHA TO DAR SALAAM

After leaving Arusha we pass a number of small towns and villages along the way and, if we are lucky, we may see the towering peak of **Kilimanjaro**. We will stop off at Marangu where you have the opportunity to climb to Kilimanjaro base camp, or take a walk through the lush surroundings passing through coffee plantations, rivers, waterfalls, caves and visiting a local blacksmith. A days drive brings us to Dar Es Salaam where our truck is based for around 4 nights in a campsite on a beautiful **Indian Ocean beach**. From here we take the ferry out to **Zanzibar** for four full days, and venture into the narrow bustling streets of **Stone Town** and its famous **spice markets, old slave forts and dungeons**. There is also time to relax on Zanzibar's famous white beaches, scuba dive or snorkel and swim with dolphins.

DAYS 33 - 38 DAR ES SALAAM TO LAKE MALAWI

After meeting the Zanzibar ferry we begin the journey through the interesting and **mountainous** hinterland of Tanzania. In the afternoon, after negotiating some appalling roads, we pass through the peaceful **Mikumi National Park**. African safari travel is synonymous with wildlife, and in this national park we usually see **Elephant, Giraffe, Zebra and Antelope** from the roadside. Passing through lush mountainous landscape and plantations - we enter **Malawi** which is dominated by its huge fresh water lake.

Camping in Malawi sums up the spirit of an Africa overland trip with Oasis. We spend 4 to 5 days at friendly laid back campsites where most people choose **to relax on the sandy beaches or try their hand at scuba diving, snorkelling or windsurfing** as we follow the lakeshore south. If you are more inclined to just relax - then there is no better place than on the shores of Lake Malawi. This really is a warm friendly country - making it easy to wander off and meet up with your local hosts in one of the many villages or schools nearby. You can view firsthand the talent of the local artisans and purchase some exquisite pieces of furniture and carvings out of ebony and mahogany.

DAYS 39 - 41 LAKE MALAWI TO HARARE

From here we continue on to the capital **Lilongwe** in the south of the country where you can check out the local markets.

Our African Overland trip leaves Lilongwe to cross into Mozambique and head for Zimbabwe. We follow the infamous Tete Corridor which was well known in the days of Mozambique's long running civil war as the Gun Run. Thankfully these days things are a lot different! We enter **Zimbabwe** and travel via the capital, **Harare**. Arriving into Zimbabwe's cosmopolitan city, you can enjoy many of the sights in and around the city centre, there are many markets throughout the city from craft markets to the hectic local Mbare market, stroll through the botanical gardens, or enjoy the nightlife in one of the many bars throughout the city.

DAYS 42 - 46 HARARE TO GREAT ZIMBABWE

Leaving Harare we make our way to the **Eastern Highlands of Zimbabwe**, where we visit Chimanimani, and where you have the opportunity to take a hike through the mountain wilderness area, or hiking to the nearby bridal veil falls, or simply enjoying the stunning surroundings from this sleepy village whilst strolling through the village market. **Great Zimbabwe Ruins** which was once the greatest medieval city in Sub Saharan Africa and where the name **Zimbabwe** is derived, literally meaning house of stone is where we stop next to view this ancient city.

DAYS 47 - 49 GREAT ZIMBABWE TO BULAWAYO

We drive across **Mashonaland** to **Gweru**, here we visit a privately run horse and game ranch where you can go game viewing on horseback. Its our destination for the next few days. Next we enter Matabeleland and the town of **Bulawayo**.

DAYS 50 - 51 BULAWAYO TO VICTORIA FALLS

You have the option of leaving the truck for a day to venture into **Matobo National Park** with a local safari company. You will have a unique chance to get out on foot to try and spot the elusive **Black Rhino - amongst hordes of other game**. There is also the opportunity to visit **Cecil Rhodes' grave and Ancient Rock Paintings**. We will then follow a journey that is steeped in history and say goodbye to our truck for the night as we **board the overnight train from Bulawayo to the mighty Victoria Falls**. Expect basic conditions, but the views and experience of looking out the window and watching the world go by more than makes up for it. If you look carefully you might even spot some kudu or elephant! When you get there **the mighty Victoria Falls await**.

DAYS 52 - 53 VICTORIA FALLS

For some, **Mosi oa Tunya - The Smoke That Thunders**, is the highlight of their African safari. From the main road, in the bush 20kms away, a cloud of mist and spray can be seen against the blue sky. As you get closer, a low rumble like thunder can be heard. When you arrive it is a surprise to discover the enormity of Victoria Falls. One mile wide and hurling over 5 million cubic metres of water a minute into the Zambezi Gorge this sight is breathtaking at any time of year. The Gorge is the setting for one of the most adrenaline fuelled **grade 5 white water rafting in the world**. There is something here for everyone. Why not take a **day trip over the Victoria Falls bridge to view the falls from Zambia**, take the **Flight of Angels** - a great way to get a birds eye view of the falls in a **microlight or helicopter**, **enjoy a civilised afternoon tea at the Victoria Falls Hotel**, **join a Sunset Boat Cruise or a more sedate Canoe trip**. For those who want to make the most of the **adrenaline activities**, get your fix with the **Gorge Swing, Abseil or 'enjoy' one of the highest commercial Bungee Jumps in the world**.

DAYS 54 VICTORIA FALLS

Our final day in Victoria Falls provides you with time for those last minute activities or shopping you may wish to do before we continue our African adventure.

DAYS 55 - 58 VICTORIA FALLS TO MAUN

Our overland trip continues from Zimbabwe into **Botswana**, spending the night on the outskirts of the **Chobe National Park** - famous for its hordes of Elephants, as well as an abundance of other wildlife. You will have a chance to spend the afternoon on the **Chobe River** - a less intrusive way to view game and wildlife - as well as the Namibian frontier across the river.

We then head south into the Kalahari Basin - known for its dry, desolate and expansive freedom. You will have an opportunity to leave the truck to venture into the **Okavango Delta**. Local poler guides will navigate the extensive waterways using canoes similar to their traditional Mokoro's (dug out canoes). This is a great experience - and the best way to have a chance of seeing the elusive wildlife of this unique desert oasis. You will have a number of opportunities to go on **game walks with rangers - giving you the chance to see elephant, crocodile and hippo up close and personal**. The Okavango Delta is one of the world's largest inland waterways and its calming serenity will leave those who experience it feeling supremely relaxed. There is also the opportunity to experience the heights of African adventure travel too: see the delta from the air during an hour-long flight.

DAYS 59 - 63 MAUN TO BRANDBERG MOUNTAINS

Travelling west we enter **Namibia** and continue toward **Etosha National Park** - recognised as one of the worlds greatest wildlife viewing areas. The semi desert is quite a contrast to the more fertile terrain we have been used to. The night sky ablaze with shooting stars and the warm glow of our campfire makes for

unforgettable camping experiences. Besides game drives we can also game watch by night at one of the floodlit water holes where we may well **spot Rhino, Elephant and Giraffe** among a host of other wildlife.

From Etosha we visit a local **Cheetah park** and get up close to these amazing and endangered creatures, before continuing on to the **Brandberg Mountains in Demaraland**.

DAYS 64 - 68 BRANDBERG TO SWAKOPMUND

We then travel to the stunning **Spitzkoppe Rock formations**. Known as the Matterhorn of Namibia - the **Spitzkoppe** is part of the Erongo Mt range and was formed over 100 million years ago after the collapse of a gigantic volcano. The scenery is striking from every angle - even more stunning as the granite massifs turn red at sunset. Next stop is the world famous **Cape Cross Seal Colony**, where the sight of thousands of these mammals, as well as their accompanying pungent odour is remembered by all! The Cool Atlantic Ocean and the prominent Benguela current provide a perfect location for feeding and breeding for the Cape Fur Seal.

For the next three days, our Africa overland trip will be based in **Swakopmund** - Namibia's adventure gateway. You can choose between a variety of activities and excursions here: spend a day **deep sea fishing** for shark and **other game fish** or head out to the desert and try **quad biking and dune sledding**. You can also go **horse riding** or get a birds eye view of the dramatic coastline - either by Sky diving from 10,000 feet or take a **flight over the towering sand dunes in the area**. In Swakopmund itself you can walk along miles of deserted beaches, visit the museum or relax in a cafe.

DAYS 69 - 72 SWAKOPMUND TO FISH RIVER CANYON

A one day drive takes us to the **Namib-Naukluft Park**, a vast expanse of desert which contains some of the highest sand dunes in the world. At **Sossusvlei** we stop and explore this spectacular area and red dunes. Continuing south we enter the semi-desert, and wide-open countryside of cattle ranching until we arrive at one of Africa's most sensational natural features, **Fish River Canyon**. We stop here for a couple of hours to take in the awesome scenery.

DAYS 73 - 74 FISH RIVER CANYON TO CAPE TOWN

A couple of hours drive away we enter South Africa and cross the **Orange River** - a rich source of diamonds. We travel south through the **Cederburg Wilderness Area**, an area of rugged valleys and peaks before getting to the vibrant and cosmopolitan city of **Cape Town**. Our accommodation here will be in a backpackers hostel.

DAYS 75 - 76 CAPE TOWN

There is plenty to do in and around **Cape Town**, from climbing up **Table Mountain** to abseiling down it, **diving with sharks** (either in ocean cages - or at the Two Oceans Aquarium), a tour to **Robben Island** or head out on the town to one of the many hot spots that Cape Town has to offer.

DAYS 77 - 79 CAPE TOWN TO LITTLE KAROO

We depart from Cape Town taking a leisurely drive along the coastal roads to the Cape of Good Hope, a rocky headland at the southern end of the Cape peninsula. Here you have a chance to walk up to the upper lighthouse, or take a ride on the Flying Dutchman Funicular for some spectacular views. After visiting the Cape we follow the coastline on to our next stop.

We overnight in Hermanus/Gansbaai and the next day there are a number of marine options - **Whale watching, Shark Cave Diving** and **Dyer Island Nature Reserve**. From here we will head for the most southern tip of Africa at **Cape Agulhas** - which is the dividing line between the warm Indian Ocean and the cooler Atlantic Ocean. The seas around Cape Agulhas are very treacherous and have caused numerous shipwrecks, to help reduce fatalities the **Cape Agulhas Lighthouse** was built in 1848 and is the 2nd oldest working lighthouse in South Africa. From August to December **Southern Right and**

Humpback Whales may be spotted along the coast - as they feed in the nutrient rich waters off the southern coast.

From Cape Agulhas we pass through the **Outeniqua Mountains** to the **Little Karoo** - we will visit an **Ostrich farm** to learn more about the worlds largest bird. The Ostrich has been around for 8 million years and a feather was actually discovered in King Tutankhamun's tomb in Egypt. 97% of the world's population of Ostriches lives in the Karoo.

We will also explore **Cango Calcite Caves** recognised as one of the world's finest network of Calcite caves. The bizarre formations of Stalagmites and Stalactites represent over a million years of slow formation.

DAYS 80 - 83 LITTLE KAROO TO ADDO NATIONAL PARK

We spend two days winding our way along South Africa's famous **Garden Route** where there is a wealth of things to see and do. We travel through the popular resort of **Knysna**, located on a tranquil lagoon that is protected from the sea by two enormous cliffs known as 'the heads'. We visit the **Tsitsikamma Forest**, where you will be able to hike along the coast and view the crashing waves at the mouth of the scenic **Storms River**, and maybe spot **dolphins and whales** in the ocean. Optional excursions in this region include **mountain biking, black water tubing, and the mother of all bungee jumps** at Bloakrans Bridge - the highest jump in the world at 216 metres.

From the Garden Route we continue along the coast and in the summer months (October to March) there will be an opportunity to stop at one of the beaches we pass before we head inland to **Addo Elephant National Park** which has recently been extended to include part of the coast and is now home to the **BIG 7 - lion, rhino, elephant, leopard, buffalo, whale and shark!** On our game drive we hope to spot some of the many elephant that the park is famous for, which are the most southerly population in Africa.

DAYS 84 - 86 ADDO NATIONAL PARK TO FREE STATE

We then drive to the beautiful, rugged and remote **Wild Coast** to the quaint little seaside village of **Cintsa**. Situated on the banks of the Cintsa River and estuary - Cintsa offers a haven in a tranquil setting, surrounded by lush indigenous forest and thicket, and an amazing bird life. You will have a fee day to enjoy the unspoiled stretches of **white sandy beaches, take a canoe ride up the river, many hikes in the area, horse riding** and so much more.

We will then make our way towards the mountain Kingdom of Lesotho overnighting on route.

DAYS 87 - 89 FREE STATE TO ROYAL NATIONAL PARK

Lesotho, often referred to as 'the kingdom in the sky'. This little country is completely surrounded by South Africa and is covered by mountains from 1000m to 3000m high. The scenery here is tremendous and the mountain air crisp and fresh. Here we will see Lesotho's horsemen dressed in their blankets and gumboots trotting around the hillsides. We spend a couple of nights at **Malealea Lodge**, Lesotho's most famous countryside retreat tucked up high in the mountains. Here there are isolated waterfalls, cool rock pools ideal for swimming, and peaceful hikes in the surrounding hills. This is also a great place to try **pony trekking** - one of the best ways to enjoy the scenery is atop a sure footed Lesotho pony.

We drive through the lowlands of Lesotho and visit **Thabo Bosiu** or **Mt. Moorosi** with a local guide (time & weather permitting). This mountain stronghold was the home of Chief Moshoeshoe, the founder of the Basotho nation. We continue through Lesotho's tiny capital Maseru, and re-enter South Africa.

DAYS 90 - 93 ROYAL NATAL NATIONAL PARK TO JOHANNESBURG

The **Royal Natal National Park** on the edge of the **Drakensburg Mountains** has an impressive natural **Amphitheatre** of massive rock walls. The **Tugela River** plunges spectacularly over the edge of the Amphitheatre wall, dropping around 800m through a series of five falls. There are over 130km of walking trails around the park-many of which are easy, half day strolls, through beautiful countryside of

grassland dotted with patches of yellowwood forest and proteas set against the stunning backdrop of the Amphitheatre.

Heading north we pass through small towns and villages, through Afrikaaner heartland, making our way to South Africa's largest city, **Johannesburg**. Built as a result of the gold rush, the city has grown into one of the wealthiest cities in the world. We will be staying at a laid back backpackers in a suburb of Johannesburg, where you can relax by the pool.

ESSENTIAL INFORMATION ABOUT YOUR TRIP

ARRIVAL & ACCOMMODATION

Trip Joining Point: Wildebeest Eco Camp - Nairobi

Start Time Day 1: 08:00

Address: 151 Mokoyeti Road West, Langata, Nairobi

Telephone: +254 (0)202 103505

Website: www.wildebeestecocamp.com

Email: info@wildebeestecocamp.com

All prices listed are approximate and subject to limited availability.

Room Type	Price	Description
Dorm	US\$27.00	Per Person, shared facilities
Single Garden Tent	US\$43.00	Per Room, shared facilities
Single Cottage Room, en-suite	US\$65.00	Per Room
Double Garden Tent	US\$65.00	Per Room, shared facilities
Double Cottage Room, en-suite	US\$90.00	Per Room

The trip starts from Wildebeest Eco Camp at approximately 8am on the morning of Day 1 of your trip.

Conveniently located in beautiful Langata it is possible to enjoy the best of both worlds - being close to major tourist attractions, Nairobi National Park and Galleria Shopping centre with good transport links to the city. The camp has large grounds, swimming pool, restaurant, bar, t.v. room, communal fire pit, WiFi and curio shop.

PRE-TRIP ACCOMMODATION:

One nights pre-trip accommodation (in a dorm room) is included in the cost of your trip. If you wish to reserve any extra nights or upgrade your included night to a private room, then costs (or in the case of an upgrade, simply the difference) are payable directly to Wildebeest Eco Camp direct on arrival in £GB or \$US. We provide a free service for booking pre-trip accommodation and airport transfers. Just log in to [My Oasis Account](#) and select the accommodation / transfer required, or contact us direct. We will require your flight number, arrival time, and arrival date so please ensure this information is forwarded to us as soon as you have booked your flight. Please book this service no later than 6 weeks prior to departure, after which a late booking fee will apply. If you have booked through a travel agent you will not have an account allocated, so please contact your agent to request pre-trip accommodation and airport transfers. Cancellation of the room within 30 days of the trip departure will result in payment to

Wildebeest Eco Camp.

Double, twin, and triple rooms will be provided subject to availability, where requested. However when not available we may need to book other rooming arrangements, and will fit these as closely as possible to your request. Those travelling solo will be put in shared rooms to reduce the costs to them, which may be dorm rooms or twin/triple shares with other Oasis Overland travellers. Single rooms may be available in some cities for solo travellers, and we will arrange this for you on request, subject to availability.

If you are arriving early in the morning and you would like to check in immediately, you may have to reserve your room for the previous night to ensure direct check in, otherwise you may have to wait until normal check in times (usually 12pm to 2pm).

AIRPORT TRANSFERS:

Airport Transfers are included in the cost of your adventure (provided you request these via the UK office or your account six weeks before your departure).

Once you have processed your visa and collected your luggage, you should follow the crowds to the terminal exit to meet up with your Transfer Representative (Smiley or Amos). **Your driver will be waiting along with all the other transfer drivers and will be holding an Oasis sign.**

If you have not arranged an airport transfer with Oasis, you can arrange a taxi from the Info desk in the airport for approx. \$25 USD. The fare should be agreed before accepting the ride - usually payable in Kenyan Shillings only. It is not advisable to take the bus from the airport as this has been known to attract pickpockets.

For any last minute requests please contact the UK office at africa@oasisoverland.co.uk and we will confirm the costs.

Flying into Jomo Kenyatta International Airport (NBO) is quite straight forward - English is widely spoken and used for signs / directions. It is approx. 15km from the airport to the centre of Nairobi. You should change some money on arrival - we recommend at least \$20 USD pp per day (excl. accomm.) before the trip begins. The rates are similar to those in town but better than at hotels, ATM machines are available in the airport. Please note if you are arriving on a Sunday then make sure you change enough money at the airport to last you for the first week of your trip as the local bureau de changes in Nairobi will be closed on a Sunday.

PRE-DEPARTURE MEETING

Your tour leader will meet you on the morning of departure; usually around 8:00am, at the joining hotel/camp where you will be briefed on the day to day running of the trip. There will be a notice in reception advising you of the time of the meeting, and any further information. Your Tour Leader will **collect your Local Payment** money as well as 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number. It is essential that you attend this meeting - please let the UK office or your tour leader know if you are unable to do so.

POST TRIP ACCOMMODATION AND AIRPORT TRANSFERS

Post-trip accommodation can be arranged with your tour leader during the trip or directly with the hotel on arrival. The return airport transfer can be arranged through your hotel / hostel and is not included, it is at your own expense. We regret these services cannot be arranged via the Oasis office before departure.

FLIGHT INFORMATION

You need to arrive at your departure city at least the day before your trip begins. Return flights must be booked for at least the day AFTER the trip is due to end. You may wish to allow some extra time to explore your arrival and departure cities (if you are joining in Victoria Falls - we suggest arriving at least 2 days before if you wish to partake in the many adrenaline activities on offer).

There are many online flight search engines such as www.skyscanner.net or www.ebookers.co.uk, flights can also be booked direct with airline websites or through travel agencies. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

One way ticket: If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

Departure Taxes: Please check with your Travel Agent or Airline if your flight ticket already includes a departure tax payment out of the country. If it does not - please budget for approx US\$30 to \$70 USD - to be paid in US\$ only.

PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

Number of blank pages required for the trip, please use this as an approximate guide:

- Kenya - 2 blank pages
- Uganda - 1/2 blank page
- Rwanda - 1/2 blank page
- Tanzania - 1 1/2 blank pages
- Malawi - 1 blank page
- Mozambique - 1 1/2 blank pages
- Zimbabwe - 2 blank pages
- Botswana - 1/2 blank page
- Namibia - 1/2 blank page
- South Africa - 1 blank page
- Lesotho - 1 blank page

VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas you require.

Visas must be paid for in USD cash ONLY.

Country	British	Irish	Aust	NZ	S.Africa	USA	Canadian
East Africa Visa	US\$100	US\$100	US\$100	US\$100	US\$100	US\$100	US\$100

For more information on other nationalities & visas checkout www.projectvisa.com

Kenya

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Kenya.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

East African Visa - (relevant to Grand Adventurer, Apes & Lakes, Gorillas & Gameparks, Nairobi to Kigali and the Nile Trans (Nairobi to Cairo 9 weeks)) - This covers you for entry into Kenya, Uganda and Rwanda. The visa may be available in your home country and is valid for 90 days, so travellers may choose to get this before they travel. Contact your local Kenyan embassy for more information. For those travellers who have not obtained the visa in advance, you can specifically request it from immigration at Jomo Kenyatta Airport (you may need to be insistent!) and costs US\$100. If you have not got this (East African) visa please advise your tour leader at the start of your trip, and be aware that you may have to pay for a 2nd Kenyan visa dependent on the border authorities.

Kenyan Visa - (relevant to Coast to Coast, Savanna Dawn and Gameparks & Zanzibar trips) - Kenya has introduced electronic visa applications. Travellers need to apply via www.ecitizen.go.ke. This can take up to 7 days so ensure you plan in advance. You will need to print a copy of your visa to present to immigration at your point of entry into Kenya. You may be denied boarding of your flight to Kenya, or denied entry to Kenya if you do not have your printed copy of your e-visa with you.

If you are travelling on the **Trans Africa or Nile Trans expeditions** you will apply for the East Africa visa at the border on arrival.

Botswana

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada, South Africa and most EU countries will not require a visa to enter Botswana.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Lesotho

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will not require a visa to enter Lesotho.

New Zealand passport holders will need to make sure that they obtain a multiple entry visa for South Africa as you will be entering and exiting Lesotho from South Africa.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Malawi

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Malawi. We will obtain this visa whilst on the trip at the border on arrival. Approximate cost \$75 USD. South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Mozambique

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Mozambique. We will obtain this visa whilst on the trip at the border on arrival. Approximate cost \$75 USD. You will need to bring 3 recent colour passport photos along with you to apply for the visa. South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Namibia

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada, South Africa and most EU countries will not require a visa to enter Namibia.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Rwanda

Passport Holders who have already obtained an **East Africa**, will not need to purchase another visa to enter Rwanda.

If you are NOT travelling on an East Africa Visa; passport holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Rwanda, this can be obtained on the trip at the border on arrival. Approximate cost is \$50 USD.

Passport Holders from other countries who have NOT obtained their East Africa visa, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

South Africa

Passport Holders from UK, Ireland, Australia, USA, Canada and most EU countries will not require a visa to enter South Africa.

New Zealand passport holders require a visa in advance to enter South Africa. This needs to be obtained through a South African embassy or consulate in your home country, before beginning the trip. Please contact your nearest High Commission to find out more.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Tanzania

Passport Holders from UK, Ireland, Australia, New Zealand, Canada and most EU countries will require a visa to enter Tanzania. The approximate cost is \$50 USD. Passport holders from the USA can also obtain their visa on arrival and the approximate cost is \$100 USD. South African passport holders are Free of charge.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

For those travelling on the Grand Adventurer, Apes & Lakes and Gorillas, Gameparks & Zanzibar trip, the Tanzanian visa is a Single entry visa which allows you to travel to one neighbouring country (Kenya) and still remain valid. As your trip travels into Tanzania from Rwanda then into Kenya (Nairobi) and back into Tanzania you will be able to use the single entry visa.

Uganda

Passport Holders who have already obtained an East Africa, will not need to purchase another visa to enter Uganda.

If you are NOT travelling on an East Africa Visa; passport holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Uganda, this can be obtained on the trip at the border on arrival. Approximate cost is \$50 USD.

Passport Holders from other countries who have NOT obtained their East Africa visa, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

Zimbabwe

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Zimbabwe. We will obtain this visa whilst on the trip at the border on arrival, a visa can also be obtained at the airport on arrival into Harare and Victoria Falls. Approximate cost for Australian, USA and New Zealand Passport Holders is \$30 USD, British and Irish passport holders \$55 USD and Canadian \$75 USD for a Single entry visa. South African passport holders are Free of charge.

If you are planning on going over to the Zambian side of Victoria Falls from Zimbabwe you will need to obtain a double entry visa for Zimbabwe so that you can return back to Zimbabwe after your day trip. Approximate cost for Australian, USA and New Zealand Passport Holders is \$45 USD, and British passport holders \$70 USD.

Canadians & Irish passport holders are unable to obtain a double entry Zimbabwe visa.

The visa into Zambia is called a Day Tripper visa and is available at the border and only valid for stays of less than 24 hours. The approximate cost is \$20 USD.

For those **joining in Victoria Falls** a UNI-Visa is available at the airport on arrival, which is a multiple entry visa between Zimbabwe and Zambia and costs approximately \$50 USD.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

VACCINATIONS AND HEALTH

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at **Nomad Travel**. Alternatively you can check out the [fit for travel website](#) for more travel health information or

consult a reputable travel clinic or your GP for information and advice. We suggest that you allow at least 8 weeks to get all your vaccinations.

Yellow Fever - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in nearly all the countries we visit in Africa, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the [World Health organisation](#).

Rabies - Vaccinations are regularly advised for all countries that we travel through in Africa - especially if time and money are not a deterrent.

Malaria - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit www.nomadtravel.co.uk or www.fitfortravel.scot.nhs.uk

Dengue - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

Health - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto www.nathnac.org/travel/.

TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details in [My Oasis Account](#) if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. You can purchase our insurance by logging into [My Oasis Account](#) and click 'Buy Insurance' or through the following [link](#).

CLIMATE

In East Africa (Kenya, Uganda, Tanzania) the year is loosely divided into the 'short' rains (November) and the 'long' rains (March to May). The 'rains' usually last for one or two hours each day followed by hot sunny weather. Nights can be surprisingly cold at higher altitude in western Uganda, Ngorongoro Crater & The Rift Valley.

In Southern Africa (Malawi, Zimbabwe, Botswana, Namibia and South Africa) the 'dry' season is April to October when the nights can be quite cold, particularly in June and July when it is very cold at night. Day temperatures are very pleasant at this time, usually mid 20s (°C). From November to March the weather is hotter and there is summer rainfall, although this is very intermittent when it may not rain for months, or it can rain for a day at a time. [View African Climate Chart](#)

WHAT TO TAKE

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: summer is very hot in places & winter can be very cold with occasional frost overnight in the south. (May to Aug can be very cold in Southern Africa). Make sure that you bring your gear in a 70-90L rucksack or holdall - suitcases are not suitable.

Equipment

- Sleeping Bag - 3 to 4 season bag, depending on season, & sleep sheet
- Foam sleeping mat or thermarest & repair kit
- Small day-pack or small bag to carry daily items
- Soft rucksack or holdall (NOT rigid suitcase)
- Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)

Toiletries - Most available to buy on trip

- Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm & moisturiser
- Sun block 35 + after sun, hat & sun glasses
- Tampons (can buy in most places)
- Contraception

Clothes

- One pair of trainers or boots
- Sandals/flip flops/jandals/thongs
- Underwear/socks
- T shirts/shirts
- Shorts/swimwear
- Jeans/trousers/jog pants/leggings
- Skirt or dress
- Sweat shirt/jumper
- Jacket/fleece & waterproof jacket

Personal Effects

- Camera with protective case, spare batteries, film/memory card
- Torch & spare batteries (head torch is best)
- Travel adaptor plug/charger (for cameras & mobile phone batteries)
- Money belt
- Personal stereo - there is a stereo on the truck with iPod/MP3 adaptors
- Towel &/or sarong

Recommended Medical Kit List

- Antiseptic ointment/Antihistamine cream & tablets
- Nurofen or equivalent pain-killer
- Eye-drops/bath
- Anti-diarrhoea treatment
- A couple of bandages (elasticated & triangular)
- Medication for personal allergies/asthma etc
- Insect repellent containing Deet
- Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery
- Rehydration sachets/vitamin tablets
- Assorted plasters
- 1 Course of malaria treatment
- Malaria Tablets - see Vaccinations & Health section

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

Cameras (incl. Digital & Video Cameras) - An easy to use 'point and shoot' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/ internet sites - but don't rely on it. Internet speeds can be slow for uploading photos to social media or the Cloud.

Photography - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

Drones - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

Electrical charging & power supply - It may be difficult to find a power source for charging at times, so a spare battery is a must.

Consider a 12V in-car charger (our vehicles are equipped with a couple of 12 volt cigarette lighter charger sockets - truck trips only) or bring along your 230V mains charger and travel adaptor plug for use at some of the hotels, hostels and campsites we stay at.

NOTE: 12V - 230V inverters cannot be used on our vehicles because of the power drain they cause.

Log onto www.whatplug.net for information regarding the different electrical plugs and voltage used in each country.

CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

Online Diaries - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

RESPONSIBLE TRAVEL

Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your **Water-to-Go** products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way-much more environmentally friendly and saves you money.
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: www.tourismconcern.org.uk

Community Projects - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

In cities - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

On board the truck - Each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of guarding and keeping the vehicle secure.

ADDITIONAL INFORMATION

Gorilla Trekking Permit

On our trips to Rwanda & Uganda, the opportunity of being up close and personal with a family of highland Mountain Gorillas, has to be classed as one of the most amazing wildlife encounters in Africa. You may see a variety of monkeys, chimpanzees and buffalo on the hike as well. Accompanied by park rangers, you will track these rare, gentle giants who live on the forested slopes of the Virunga Mountains or Bwindi Impenetrable Forest National Park. Full payment is required at the time of booking and is subject to availability. Once requested your permits cannot be refunded or exchanged.

Trekking the Gorillas - The trek to find the Gorillas can take several hours and you will need to be in reasonable physical shape. For much of the trek you will be in high grass or thick vegetation & it could well rain, so wear protective clothing (to prevent being scratched) & waterproofs as well as good walking boots or shoes. Once your guide has located the Gorilla family you will be permitted to view them for strictly 1 hour. A maximum of one group of eight people per day are able to visit each Gorilla family. Your group will be accompanied by a tracker/guide & an armed park ranger. Time passes quickly when you are with your Gorilla family so remember to put away your camera and enjoy the experience for what it is rather than through your viewfinder. If we view the Gorillas from Uganda there is the opportunity to paddle out onto Lake Bunyoni in canoes and visit some of the nearby islands, or hire mountain bikes to visit nearby villages & schools. From Rwanda there will also be an opportunity to visit the genocide memorial in the capital Kigali, which is a moving and humbling experience. Please bear in mind that Mountain Gorillas are wild animals and as such there is no guarantee that you will see them. That said however, we have never had this happen on previous trips. For the protection of the Gorillas, if you are ill on the day of the trek you will not be permitted to trek (this decision is made by the rangers and wildlife authority staff alone), if there are permits and time allows with our itinerary, it may be possible to trek the following day at very little or no extra cost - this will be dependent on receiving permission from the local authorities and regulations at the time. There are no refunds or transfers under ANY circumstance for

cancellation, no show or non allowance to trek.

How to request a Gorilla trekking permit - In order for us to confirm your Gorilla Permit, it is essential that you notify us of your interest in trekking at the same time as making your booking. This can be done by just adding the Gorilla Permit to your trip at the time of booking. Once requested your permits cannot be refunded or exchanged. We make reservations many months in advance (sometimes as early as 6 months for some dates).

The cost of securing a Gorilla Trekking Permit in advance through our local sources is payable in full to Oasis overland at the time of booking. Once requested your permits cannot be refunded or exchanged. This cost incorporates the permit cost (paid to the relevant wildlife authorities locally) and service/bank fees/transport/communication costs incurred by our local agent in order to secure your permit in advance.

Due to the popularity of trekking to the Mountain Gorillas and the limited availability of obtaining trekking permits, the Wildlife Authority responsible for organizing the permits require the following details before confirmation is granted;

- Your full passport details
- Guarantee of Full payment

Please note: Please be aware that before your departure, the cost of the trekking permit may change. This may be due to currency fluctuations & / or price increases by the local wildlife authority. Transport from our base in either Uganda or Rwanda to the starting point of your trek is not included in the above permit cost - which will account to an average of \$30 US pp (dependent on the number of people trekking)

Just add this on to your trip when booking!

Serengeti & Ngorongoro Crater 2 1/2 day / 2 night Safari

On your Oasis Overland trip through Tanzania, you have the opportunity to go on a guided safari in the world renowned Serengeti National Park & Ngorongoro Crater Conservation Area.

You can either add this to your booking in advance of your trip or you can pay directly to the local operator, the decision is yours!

Once requested and paid for, this cannot be refunded or exchanged.

For this safari you shall be collected in 7 seat safari vehicles, in the afternoon from Meserani Snake Park, where you will be staying on your Oasis trip. You will then be driven to Karatu, where you shall have an overnight stay and dinner at either Kudu Campsite or Flamingo Campsite.

The following morning you will have an early wake up & breakfast, before heading out to do a morning game drive in the Ngorongoro Crater. The group will then enjoy a picnic style lunch in the Ngorongoro Crater, before heading on to an afternoon's game drive in the Serengeti. You will then be taken to the Seronera Campsite, for your evening meal and where you will be camping overnight.

On the final day of this excursion you will have another early breakfast to give you the maximum morning game drive through the Serengeti. There will then be a packed lunch before heading back to Meserani Snake Park, where you will re-join your truck and your Oasis trip.

Please note: The above safari is fully inclusive of all meals while on safari, transport in purpose built safari vehicles with maximum 7 people plus a driver/guide, park entrance and conservation fees to Ngorongoro Crater and the Serengeti, as well as camp fees at Karatu and inside the Serengeti.

Please be aware that up to 2 months before your departure the cost of this Add On could change. This would only be due to currency fluctuations or price increases by the Tanzania Parks Authority.

Just add this on to your trip when booking!

African Wildlife and the Migration

Wildlife - View a [chart](#) detailing what animals you may see in the various gameparks and reserves we visit between Nairobi and Johannesburg.

The Migration - The '[Great Wildebeest Migration](#)' has to be one of the most impressive wildlife spectacles in the animal kingdom. For those lucky enough, this once in a lifetime experience can be viewed in the surrounds of The Serengeti National Park/Ngorongoro Conservation Area of Tanzania and the Maasai Mara of Kenya and can be done before or after your trips with us.

WHAT TO EXPECT

LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean and tidy.

Seatbelts

All Oasis Overland trucks are fitted with seatbelts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving. Our overland trucks in Africa also have a 'beach area' which is a chill out zone to be used when the truck is not moving.

Accommodation

Camping - Oasis uses roomy three-person tents but only for two people. They are specially made for us to meet the tougher conditions of an overland trip and have mosquito netting sewn into the door and windows. Tents are shared (between two people of the same sex from your group unless you are a couple). We spend some nights bush or desert camping and the rest of the time in campsites. Facilities and standards at campsites vary, some are well equipped and managed and some are very basic. At bush camps you will be living off the truck, so there will be no showers or en-suite facilities! At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing your bed.

Lodges / Hostels - At some locations we will stay in lodges and hostels that are small, locally run establishments. The accommodation will vary depending on the rooming available, from dormitory style rooms, to twins/doubles or triple rooms. Upgrades may be available on arrival, but cannot be reliably pre-booked. Please refer to the individual trip inclusions for the percentage break up of your accommodation.

During the day

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers.

Meals & cook groups

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of two or three people approximately once every ten days depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a

meal. But don't worry if you're not a Gordon Ramsay as the rest of the group and the Tour leader usually lend a helping hand. Here is an idea of what to expect at meal times:

Breakfasts: Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

Lunch: Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

Dinner: Cooks come into their own in the evening, and will always attempt to cook up some delights. When the truck is parked up for a few days in a town or city most people usually like the option to eat out at local restaurants - so we often don't cook all meals when at these locations.

Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with normal Local Payment funds due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

In the evenings

When at a bushcamp or campsite where you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back & chill and enjoy the rest of your evening!

Oasis Crew

We usually have two crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and cooking as well as finding the best deals, socializing and making sure everything runs as smoothly as possible. While our crew are usually experienced and knowledgeable they are not tour guides as such. Our trips pass through many countries and our tour leaders cannot be expected to have detailed knowledge of each country's history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our crew who will do all they can to minimize any disruption to the trip. While our crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

Itinerary

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or

political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

OPTIONAL EXCURSIONS

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time. If you decide not to join a popular excursion, you will have free time to relax or wander off to a market, village or beach, depending on where we are.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.
